Worksheet and Code Change Proposal Review:

Reviewed structural related changes to the 2021 and 2024 International Building Code (IBC) and International Existing Building Code (IEBC) and associated amendments, including Minnesota Rules (MR) 1305.0011, Subp. 1 Adoption of IBC and Subp. 4 Seismic and Earthquake Provisions. Reviewed IBC and IEBC Chapter 2 Definitions.

MR 1305.0011, Subp. 4. Seismic and Earthquake Provisions

The TAG reviewed the code language in the section and discussed its application to Minnesota. The TAG consensus is to maintain the current amendment.

IEBC 202 Definitions – Disproportionate Earthquake Damage

The TAG reviewed the code language in the section and discussed its application in Minnesota. The TAG consensus is to accept the model code change.

IEBC 202 Definitions – Substantial Damage and Substantial Improvement

The TAG reviewed the definitions with the consensus to defer to the recommendation of the 1311 and 1335 TAGs for these terms.

IEBC 202 Definitions – Technically Infeasible and MR 1311.202 Definitions for Technically Infeasible, Accessibility and Technically Infeasible Stair Construction

The TAG reviewed all three definitions with the consensus to defer to the recommendations of the 1311 and 1341 TAGs for these terms.
